ADMISSION AND REGISTRATION

1. A student's admission credentials must be on file in the Registrar's office before a matriculation card will be issued.
2. REGULAR STUDENTS—A complete official transcript of the high school and college record must be on file for students planning to remain at Memphis State College for more than the Summer Quarter.
   NOTE: A transcript is not necessary for students attending another college and who plan to be at Memphis State for the *Summer Quarter only*. Instead of a transcript, they should have the registrar send a statement of good standing to this office. The statement should give the student's classification.
2. Registration procedure.
   a. Students registering under a catalogue prior to 1951 get your material from the Registrar's Office.
   b. Students who entered Memphis State College for the first time in the Fall of 1951 or later must register through one of the schools and get your registration material from the office of the school you plan to enter.
   c. Have your schedule approved by your advisor before you attempt to register for any course.
   d. After you have your advisor's approval get your instructor's signature on each course, your Director's approval of your total program and then proceed to the Bursar's office and pay your fees.
3. VETERANS of World War II—get your veteran's file approved by Mr. Davis *before* you request your material. Be sure you are issued a green card if you are on PL 346 or 16.
4. KOREAN VETERANS—Proceed as regular students but get your material stamped by Mr. Davis before you go to the Busar's office.

CHANGE OF COURSE

1. NOTE THIS CHANGE: The term CANCEL will no longer be used. Courses being eliminated from a student's schedule must be DROPPED and the teachers' signature and that of the advisor must always be secured for a dropped course.
2. To add or drop a course a student must file his change-of-course card in the office of director of his school, or at the dean's office for those under a catalogue prior to 1951. Note the following procedure.
3. To add a course—get a change of course card from the office of your director or the dean's office. Fill out the three sections, leave the bottom two cards in the office, take the registrar's copy to your advisor first, then to the teacher of the course being added. Return the approved card to the office from which you obtained it not later than Thursday, June 11, for first term courses—Monday, June 15, for full quarter courses—Monday, July 20, for second term courses.
4. To drop a course—follow the same procedure as in adding a course. If the drop is completed within the add period, the course will not appear on your record. If a course is dropped after the add period but before mid-term it will show "dropped" on your record. Mid-term dates: First term June 26—Full quarter July 15—Second Term August 4. Drop cards are not acceptable after the closing date indicated for the period involved.
5. A student may withdraw from the College by advising the Dean in writing. Failure to give official notice of withdrawal will result in a grade of "F" in each course for which the student is registered.
6. *All* women students must have the Dean of Women's notation that place of residence is approved.
